Re: Ch'u'itna Coal Development Project – Site Specific Criterion

Dear Dennis,

Thank you for making time to meet this week with President Goozmer, Tribal Administrator Slawson, Rob Rosenfeld, and myself to discuss the Native Village of Tyonek's (NVT) concerns regarding the Ch'u'itna Coal Development Project and the site specific criterion process specifically.

Tribal Request to EPA

In accordance with our Memorandum of Agreement regarding government-to-government consultation, NVT respectfully requests that EPA share with the Tribe: PacRim's draft site specific criterion application that is currently under review by the Alaska Department of Natural Resources (DNR) and EPA. The Tribe further requests that you provide the Tribe with any recommendations that DNR may have already provided to your agency on this matter.

Thank you for your time and attention to this matter. NVT greatly appreciates your involvement and will continue to give you updates on developments.

Very warmly yours,

Heather Kendall Miller
